BETTER COME HOME!

Chauncey, There is Trouble on Your Road and You Ought to Return from Paris.

NEW YORK, Aug. 7.—Last evening E. J. Lee, district master workman of district assembly 246, sent the following cable dispatch to Chauncey M. Depew at Paris:

"Your subordinate officers are discharging by the wholesale your old employes. The situation demands immediate action on your part. Wire answer."

In the yards of the company at the foot of Sixty-fifth street fifty men are on a strike because of an alleged decrease of salary.

THE KEMMLER EXECUTION

Continues to Excite Great Interest--It Was Not a Success.

AUBURN, N. Y., Aug. 7.—The subject which continues to excite the greatest interest in connection with the Kemmler execution is the record of the voltage of the shock which killed him. It has been generally supposed that the first shock was 1,300 volts and the second between 1,500 and 2,000. Electrician Barns, who was in the dynamo room, said to one of the physicians in attendance yesterday that at no time was the voltage more than 1,100 and that it fell frequently to 800.

Dr. Daniels, of Buffalo, who performed the delicate work of removing the brain and spinal cord of the dead man at the autopsy, has gone home, taking with him remnants of the spinal cord and other specimens for experiment. It is learned to-day for the first time that, in the consultation of the doctors Tuesday night, Warden Durston made a proposition to hold the execution at 9 o'clock that night, but it was determined by a vote of those present that it would be better to hold it in the day time.

Warden Durston stated to a United Press reporter, this afternoon that the remains of Kemmler still lie in the room in the prison where the autopsy was held yesterday. He has not decided where the remains will be finally buried.

NEW YORK, Aug. 7.—The World says the first experiment in electric execution should be the last. Its results strongly condemns this method of putting criminals to death as very cruel and very shocking. The effect upon the witnesses was sickening. The effect upon the public is still more shocking. The electric execution law should be repealed. So long as it stands, convictions for capital offences will be difficult to the point of impossibilities. Juries will not willingly condemn to death by torture.

THE NATIONAL CAPITAL.

The Proceedings of the National Congress To-Day.

WASHINGTON, Aug. 7.—The senate met at 10 o'clock, but there were only 32 senators present at roll call—less than a quorum. After waiting a few minutes a quorum was obtained, and after transacting some morning business the tariff bill was taken up—the pending question being on Mr. Vance's amendment to reduce the duty on pig iron from 3-10 cent per pound to $5 per ton.

Mr. Edmunds presented a letter received by him from Mr. Weaver, acting commissioner of the department of labor, giving the figures of the cost of direct labor in the several processes of converting the natural elements into pig iron, steel ingots and steel rails—the total being $11.59 for a ton of steel rails out of a total cost of $25.79, or at the rate of 45 per cent. for direct labor from beginning to end.

Mr. Reagan remarked that that estimate was only one-half of Mr. Hewitt's estimate, which was nine per cent. Mr. Edmunds explained that Mr. Hewitt's statement included all the labor cost while that now presented only applied to the direct labor cost. Mr. Vance's amendment was rejected—yeas 17, nays 27—a strictly party vote.

The house to-day adopted a resolution calling on the postmaster general for copies of the agreements for the transportation of mails between the United States and foreign countries.

Murderer Pardoned.

SPRINGFIELD, Ill., Aug. 7.—John D. Cochran, of Wabash county, was sentenced in November, 1888, to imprisonment for life for the murder of John Buckenberger, of Evansville, Ind. Application for his pardon was filed and Governor Fifer has reviewed the case thoroughly. He finds that subsequent to Cochran's incarceration satisfactory evidence was produced to prove that Buckenberger committed suicide, and an immediate pardon is granted.

Destroyed by Fire.

BELOIT, Wis., Aug. 7.—The big paper mill, one of the model straw-board mills of the country, owned by the Beloit Straw Board company, was almost entirely destroyed by fire yesterday afternoon. The loss is estimated at $40,000; covered by insurance.

BLOODY BATTLE.

Belligerent Colorado Farmers Fight With Much Bloodshed.

GLENWOOD SPRINGS, Colo., Aug. 7.—Thomas Welch and Alexander Laville have for some time disputed over the ownership of certain lands in northwestern Gunnison county, on Muddy Creek.

Yesterday Laville and five helpers were cutting hay, and expecting trouble they were all armed. Welch and son with three others soon came up and opened fire, which was immediately returned, the parties exchanging about 100 shots. Welch and his son and Alex. Laville were killed outright. Charles Burham will die. Pete Small received two bullets in the thigh, but will live.

MEDIAEVAL TORTURE

In What English Journals Call Kemmler's Taking Off.

LONDON, Aug. 7.—The Chronicle, commenting upon the killing of Kemmler by electricity, says: "The scene was worthy of the darkest chambers of the inquisition in the sixteenth century."

The Times says it would be impossible to imagine a more revolting exhibition. It advocates the lethal chamber in preference to the use of electricity.

The Standard says: "The scene can be described as a disgrace to humanity and will send a thrill of indignation throughout the civilized world. We cannot believe the American people will allow the electrocution law to stand."

Dreadful Death.

CINCINNATI, Aug. 7.—Mrs. Marie DeCamp, the aged widow of the late Joseph DeCamp, was found dead in the cellar of her residence this morning. She had gone from her bed into the cellar with a lighted candle during the night, without the knowledge of her daughter, and set fire to her night clothes. She was eighty-four years old and almost helpless.

Convict Taken Back.

BUCYRUS, O., Aug. 7.—Samuel D. Miller, the escaped convict, who was arrested at Crestline two weeks ago for burglary, was taken back to the Ohio penitentiary, his escort being Deputy Penitentiary Warden Corneilus Brady. Miller escaped from the penitentiary last winter, where he has yet five years to serve for burglary in Delaware county.

Will Abolish Piece Work.

INDIANAPOLIS, Aug. 7.—The convention of the Brotherhood of Machinery Moulders went into committee of the whole yesterday and discussed the subject of piece work. The conclusion reached by them was to bring every effort to bear to abolish the piece work system where the brotherhood men are employed.

Military.

WASHINGTON, Aug. 7.—The president sent to the senate to-day the following nominations: Lieutenant, Col. Thos. M. Vincent, assistant adjutant general, to be colonel and assistant adjutant general. Major Morritt Banbey, assistant general, to be lieutenant colonel and assistant adjutant general.

Chicago Markets.

CHICAGO, Aug. 7.—Wheat: Sept., 95½@95⅝; May, $1.02⅞. Corn: Aug., 48⅜; Sept., 49½; May, 54. Oats: Aug., 40¹; Sept., 39½; May, 42½. Pork: Aug., $11.50; Sept., $11.50. Lard: Aug., $6.20; Sept., $6.30. Ribs: Sept., $5.42½.

France's Ultimatum to Dahomey.

PARIS, Aug. 7.—France has sent an ultimatum to Dahomey demanding the cession of Kotonou and Whydah. If the demand is rejected, an expedition to be composed mostly of Senegalese Arabs will start for Dahomey in October.

Chicago's School Census.

CHICAGO, Aug. 7.—The annual census of Chicago taken by the local school board was completed to-day for the year 1890. The total population is recorded as 1,208,669, or about 10,000 more than the United States census shows.

Body Recovered.

BOSTON, Aug. 7—The body of Bridgejumper McCaffrey, of Montreal, who last Sunday jumped 130 feet into the river from a pair of shears on the East Boston ship yard, was found floating in the water to-day.

Barn Burned.

READING, Pa., Aug. 7.—The brick barn on the farm of Frank M. Esterly, in Exeter township, this county, was burned by incendaries last night. Loss $2,000; partly insured.

MORMONS MUST GO!

Further Returns From the Elections In Utah Give the Liberals a Sweeping Victory.

SALT LAKE CITY, Utah, Aug. 7.—The liberals have carried Salt Lake county, with the exception of sheriff and recorder, and through irregularities in the Mormon precincts they may be counted out, as their majorities are very small. The liberals carried Salt Lake, Box Elder, Summit, and Webber counties, which are, in fact, the territory, as they contain eight-tenths of the population.

THEY WANT PEACE.

San Salvador and Guatemala Wish to Avoid Bloodshed.

CITY OF MEXICO, Aug. 7.—General Ezeta, of San Salvador, has informed the diplomatic corps at Guatemala City, which is mediating for peace, that he anxiously wishes peace in order to avoid further bloodshed. The announcement in yesterday morning's papers here, of the acceptance by Guatemala of the profferred mediation of United States Minister Misner's service, with a view to securing peace through the foreign diplomatic corps resident in the City of Guatemala, is considered as conclusive proof of weakness on the part of the Guatemalan government, which, in making war against San Salvador, did not recon with its host. The Guatemalan legation here, however, even denies that such an offer has been made.

Foreign News.

CAIRO, Aug. 7.—The deaths from cholera at Jeddah average 100 daily.

MADRID, Aug. 7.—There was a fatal case of cholera in this city to day.

LONDON, Aug. 7.—The Emperor William has postponed his departure until midnight, Friday.

Eight hundred laborers employed on the docks at Gloucester have struck.

BERLIN, Aug. 7.—A committee consisting of members from the different counties represented, has been appointed by the international cremation congress for the purpose of furthering the movement for the cremation of the dead.

Strike Settled.

FARMINGTON, N. H., Aug 7.—The strike of the Boot and Shoe Workers' International union for a restoration of a 5 per cent. cut down at the factory of H. B. Edgerly & Son, was settled yesterday in favor of the strikers, the terms being: The wages restored, a union shop in the future and the ultimate reference of future troubles to the general board of the union.

Fight in Colors.

LEXINGTON, Ky., Aug. 7.—At 7 o'clock last night Wm. Richards and Wm. Jackson attacked Tom Irvine with pistols. Irvine returned the fire and a desperate fight ensued. Richards was instantly killed, Jackson badly wounded and a bystander, Wm. Maupin, mortally shot. Irvine escaped injury. All are colored.

College Burned.

MONTREAL, QUE., Aug. 7.—Word reached here this morning that Moffatt college on Isle Point, ten miles from here has been burned to the ground. Over 300 students were in attendance at the college and they are now quartered in out buildings and farm houses. There was no loss of life so far as known.

Too Much Tariff.

ST. LOUIS, Mo., Aug. 7.—The Eagle glass and metal company made an assignment for the benefit of creditors yesterday. The liabilities are placed at $50,000, assets $30,000. The company has been engaged in the manufacture of ornamental glass by a secret process. No cause is given for the assignment.

Newspaper Sold.

CHICAGO, Aug. 7.—The Globe newspaper was sold yesterday to a stock company recently organized, the purchasers taking immediate control. The directors of the new company are E. L. Cox, John A. King, James C. Strain, A. L. Patterson, W. C. Newberry and Harry Wilkinson.

The Panama Canal.

PARIS, Aug. 7.—The report of the liquidators of the Panama canal company which has been presented to the tribunal of the Seine, gives the total expenditures of the company so far as 1,313,000,000 francs. On March 3 the assets were 16,000,000 francs.

Employe Killed.

WESTFIELD, N. Y., Aug. 7.—John Taggart, employed at the water works here, was killed yesterday by the explosion of a dynamite cartridge.

Drowned.

LINCOLN, Mass., Aug. 7.—James F. Smith, of Newberg, N. Y., was drowned in Lincoln pond, yesterday afternoon, while bathing.

FATAL ACCIDENT.

Christian Fuhrman, of Williamsport, Suffers Terrible Injuries--A Broken Plow Joint the Cause.

Yesterday afternoon one of Williamsport's most prominent residents, Christian Fuhrman, met with terrible injuries which will in all probability terminate fatally. Mr. Fuhrman left the farm house shortly after dinner, informing his wife that he was going to sharpen a dull plow point. He had an improvised apparatus by which horse power was furnished a large emery stone. While the machine was in motion and the wheel revolving at a high rate of speed, the emery wheel broke into three pieces from too great a pressure on the stone. The fragments flew from the hands of the farmer, one striking him, and imbedding itself in his left lung in close proximity to the heart and another striking his jaw bone and literally tearing off one side of the unfortunate man's face. Dr. Worley was summoned and he performed such surgery as would practically apply to the case but all hopes of saving the patient's life were abandoned last night. He remains unconscious, suffering indescribable agony, alternately groaning from pain and praying for death to come as relief. Relatives have been summoned and are at his bedside. Mr. Fuhrman has been considered a very well-to-do farmer. He owns a fine farm and has a home which is made a haven of blissful content by a wife and two model children. It is indeed a sad case.

CAMP HOVEY.

Our Soldier Boys at South Bend Enjoying Themselves.

(South Bend Times.)

The soldiers at Camp Hovey have been fortunate in having pleasant weather so far for camp life.

The boys are all enjoying themselves in their camp life, but the attractions outside of camp are such that many of them find it much pleasanter to spend all the spare time they can on the streets of the city. The business thoroughfares were crowded with them last evening.

Yesterday's papers reported the Fort Wayne band as belonging to the infantry. The artillery boys will not have it just that way, for they are the artillery regimental band, and wish it to be understood that they wear red stripes instead of white. They were made the regimental band August 8, 1888, and will compare with any military band in the country. Every one should hear them at the concert at the court house this evening. H. W. Todd will treat the public to some of his famous cornet solos. Director Achenbach has been with them since their organization and is a favorite in camp.

INFAMOUS ACTS.

A majority of the boys in blue are very gentlemanly and deserving of commendation, but, but in nearly all "well regulated families," an occasional black sheep is found. Yesterday evening a number of the militia were coming to town when they met a young lady on St. Louis street and they took occasion to catch her and drag her off. She made an outcry, when her brother appeared on the scene, and turned the hose on them. This availed nothing and Officer Cassidy was called to the rescue. He proceeded to arrest the men when another lot of the militia came to the rescue and rescued the boys from the officer's clutches, and finally they all got away. The young lady was badly frightened and was prostrated for some time. These young scape graces will yet get themselves into trouble before they leave our city, and if caught, will certainly be made an example of.

Room for the Great Dead.

LONDON, Aug. 7.—The commission appointed to investigate the condition of Westminster abbey in respect to its further use as a burial place of distinguished persons, has found that the necessity for discontinuance of the practice is not pressing, as there is room for a hundred or more graves.

A Fatal Dam to Charity.

PITTSBURG, Aug. 7.—It has about been decided by the members of the South Fork Fishing and Hunting club to donate the property at the famous South Fork dam to the Pittsburg Fresh Air association.

Big Fire.

VERMILLION, S. D., Aug. 7.—A fire starting last night, burned sixteen business buildings to the ground. Loss, $35,000: insurance, $16,000. The fire was incendiary. Brick buildings will replace those consumed.

The Weather.

WASHINGTON, Aug. 7.—Indiana—Showers; southerly winds; stationary temperature.

THE BARNUM SHOW.

The Street Parade Was a Magnificent One--Large Attendance This Afternoon.

The great Barnum show is here.

It arrived at an early hour this morning, from Lima.

The street parade was something new in this line, and was witnessed by thousands upon thousands of people, and it was one of the best ever given in this city.

The many costly and valuable vehicles were drawn by the most beautiful collection of horses ever brought to this city. There were any number of beautiful chariots, among them Blue Beard, Mother Goose, Santa Claus, the old woman in the shoe, and others, all costly and elegant.

Seven open dens of wild lions, tigers, hyenas, wolves, bears, etc., with the keeper of each seated among the animals were the admiration of all. There were a herd of elephants with riders, a drove of camels attached to chariots, zebras drawing a fancy chariot, miniature Shetland ponies, etc. There were knights in full armor, charming lady jockeys, Olympian hippodrome riders, Roman racing chariots, thoroughbred racing horses, performing horses, trick stallions, mechanical automatic steam musical chariots, chimes, etc. There were an endless number of cages containing wild animals from all parts of the world, and altogether the parade was all that had been promised for it. Large crowds followed the return of the parade to the grounds on Hamilton's field and the side show which had already commenced to operate, was doing a thriving business, and their side shows were excellent.

The gates of the big show opened promptly at 1 o'clock, by which hour thousands of anxious, eager people were waiting to enter. The first big tent was the menagerie, or Barnum's "Zoo," with long rows of magnificent cages, containing only the rarest and finest animals, which were without doubt the finest ever seen in this city.

The next tent to enter was the "big top," or main show, which seats 14,000 people, and to day every seat appeared to be occupied. The performance was opened with the usual grand entree, but this time on a much more elaborate scale than before.

As soon as the entree was over the regular circus performance commenced in three rings, and two stages. In five different arenas five different shows were enacted simultaneously, and before one had well realized that the five performances were done, five others had succeeded, and so on till the interval was announced, which was to prepare the way for the great spectacular show of Imre Kiralfy's "Nero, or the Fall of Rome."

This is a truly magnificent pantomimic presentation, and the triumphal procession with which the entry of the last of the Cæsars is signalized beggars description. Certainly nothing like it has been seen here. Chariots ablaze with gold, gaily caparisoned steeds, with glittering coverings and costumes of the most gorgeous descriptions passed in dazzling array before the cheering crowds with Nero himself reclining in his triumphal car decked.

At the evening performance this spectacular production will be given first and the ring shows second. So all should be on hand early.

A GREAT SHOW.

There are over 3,000 people who draw a salary from the Barnum & Baily show. Something over 1,200 are in the city today. Over 900 are in Boston with the "Fall of Babylon" and the balance are agents who are scattered all over the globe. It is an immense institution and one that commands the respect and admiration of every observant person who attends one of the great performances. Traveling with their own cars which are made into four sections and hauled by four engines. Traveling on an average of 100 miles a day, giving two shows and a parade every twenty-four hours. Sleeping and feeding 900 people it is indeed a wonder that every dollar taken in at the door is not paid out again for expenses, but the circus must pay as P. T. Barnum's wealth is estimated at over $10,000 000 and J. A. Bailey's at over $2,500,000.

A Narrow Escape.

Engineer John Kennedy, of the Nickel Plate, had a narrow escape from death this morning, west of Valparaiso, by the breaking of one of the side rods of the engine. The engineer's side of the cab was a total wreck. Mr. Kennedy saw the rod break and jumped on the other side of the cab just in time to save his life. The engine was sent to Stoney Island for repairs.

NEW BRIDGES.

The County Commissioners to Let Fifteen Thousand Dollars Worth of Work To-Day.

The county commissioners are in special session this afternoon for the purpose of letting bridge contracts. There will be six new structures, as follows:

No. 1.—One span 60 feet, divided into four panels, 15 feet each, depth of truss, 7 feet; in Monroe township.

No. 2.—One span 70 feet, divided into five panels, 14 feet each, depth of truss, 8 feet; in Monroe township.

No. 3.—One span 39 feet, divided into three panels, 13 feet each, depth of truss, 4½ feet; on line of Jackson and Jefferson townships.

No. 4.—One span 26 feet, divided into two panels, 13 feet each, depth of truss, 4 feet; Madison township.

No. 5.—One span 28 feet, divided into two panels, 14 feet each, depth of truss, 4 feet; Lafayette township.

No. 6.—One span 39 feet, divided into three panels, 13 feet each, height of truss, 4½ feet; to be built on a skew line of 3 feet.

The estimated cost of these bridges is $15,000. The substructures will be of stone or iron, and superstructures of wrought iron. Among the representatives present to submit bids in person are those of the Canton, Masillon and Milwaukee bridge companies. W. K. Liggett, engineer of the Columbus, O., substructure company, is present to bid on that part of the work. The contracts will be let this afternoon and work will proceed at once.

THREE OF A KIND.

Three Cases of Larceny Before the Mayor--Police Court.

Mayor Harding had three cases of larceny and other cases before him this morning.

Chas. Dayton was sent to jail for fourteen days for malicious trespass. He carried away a portion of a billiard table belonging to Josephine Merz.

Enoch Joslyn and Jeff Williams, charged with stealing buggy fixtures from John Parham, waived preliminary hearing and were bound over to the circuit court in the sum of $300 each for trial.

Joseph Kelly was arrested by Officer Quinn for drunkenness and got eleven days.

A man giving a fictitious name was run down by ex-Lieutenant Fuchshober yesterday afternoon for stealing cigars. He was bound over in the sum of $300 to await the action of the grand jury.

A DOUBLE QUARTET.

A Musical Organization Composed of Emmett Club Members.

There has been formed a musical auxiliary to the Emmett club of Library hall, which will be known as the "Emmett Quartet." The organization will be heard in public frequently. The members comprising it are as follows: Wm. Rohan, Wm. Bensman, Louis Hudry, Nelson Bradley, James Duffy, Frank Manuel, Frank Fry, Ambrose H. Benedict. The double quartet will be under the direction of Carl Weber, the pleasant deputy city treasurer.

Skipped With $1,800.

PHILADELPHIA, Aug. 7.—J. M. Allen, cashier of the millinery department of Strawbridge & Clothier, has skipped with the day's receipts, amounting to $1,800. No clew.

Minnesota Convention.

MINNEAPOLIS, Aug. 7.—The democratic central committee to-day fixed on September 9 as the date and St. Paul as the place of the state convention.

LOCAL LINES.

Will K. Snavely and wife and Mrs. George King and son, of Wabash, are in the city to attend the circus today.

The First Regiment band, now at the South Bend military encampment, has accepted a special invitation from the mayor to participate in an open air concert.

At Leipsic, O., this morning, a Cincinnati, Hamilton and Dayton locomotive crashed into a Nickel Plate freight train. The engineer was injured and considerable damage done.

Allie York, a notorious tough, was arrested on Grand street this afternoon for fighting. He resisted and several officers were required to land him behind the bars. He had to be clubbed before he would go.

The correspondents who are sending from this city special telegrams to metropolitan papers announcing the prevalence of glanders here ought to be muzzled. They are telling great big "whoppers" and are doing an injury to Fort Wayne.

A Sensible Precaution.

Though disease can be alleviated, conquered, its first approach can be checked. But not only is the use of a medicinal safeguard to be recommended on the first appearance of a malady, but a wise discretion dictates that be exercised in the choice of a remedy. For thirty years or more Hostetter's Stomach Bitters has been the longest and best tried for dyspepsia, liver and kidney complaint, malarial disease, rheumatism, nervousness, debility, and all other disorders, and has proved itself emphatically indorsed by the people as a reliable, strengthening and invigorating medicine. It removes at once the cause of those distressing symptoms, and by its use permanently cures, where other remedies only afford temporary relief. Be sure and get only the genuine article, which is absolutely safe, sterling medicine in every form. Not only is it offered us, but pure as it leaves us.

1780—Gen. Sumter, with a body of partisans, attacked the British at Hanging Rock, S. C. In the battle Andrew Jackson, then 13 years old, began his career as a soldier.
1809—Finland ceded to Russia.
1841—Death of Caroline of Brunswick, consort of George IV; born 1768.
1830—The Duke of Orleans accepted the crown of France as Louis Philippe.
1867—Ira Aldridge, negro tragedian, died in Poland.
1882—Steamship Montreal, of the Dominion line, wrecked at Belle Isle.
1889—Mrs. Maybrick found guilty of poisoning her husband in Liverpool, England, and sentenced to be hanged. Sentence was afterward commuted to imprisonment for life.

THE cool wave is welcome.

THE senate is still talking tariff.

CONGRESS may not adjourn until the Christmas holidays.

THE pickpocket is getting in his work to-day. Big crowds enables him to reap a harvest.

THIS is circus day and the happiest day in the year for the 10,000 boys living in the city.

THE South Bend encampment of the Indiana legion is a success. The camp has been christened Camp Hovey.

THE election of members of the legislature in Oklahoma resulted in a republican victory. A full vote was cast.

BARNUM'S show has brought a big crowd to Fort Wayne to-day. Labor day will again fill the city with strangers and then will come the Northern Indiana fair.

JOHN I. DILLE, register of the United States land office at Guthrie, Oklahoma, has resigned, his resignation to take effect September 1. John H. Cotterall, formerly of Henry county, Indiana, now of Oklahoma, is an applicant for the position. He is strongly indorsed by Hoosier republicans and residents of Oklahoma.

PROF. C. L. CLIPPENGER, of this city, delivered an address Tuesday evening in Huntington at the county convention of the Young People's Christian Endeavor society. In speaking of his effort the Huntington Herald says: "The address was on the subject of 'Youth's Opportunity,' and gave an exhaustive review of the possibilities of the work of young people and was a masterful, logical and strong effort and one that should be productive of much good."

THE bungle made in the execution of Kemmler, the horrible details of which we published in our telegraph columns yesterday, will do much to pave the way to the abolition of capital punishment. The one motive for the authorization of electricity as a means of inflicting the death penalty was that it was a more humane way of sending the victim's soul into eternity. It proved to be a more brutal way. The day is coming when these legal death apparatuses will all be things of the past and life imprisonment the fate of even the worst criminals.

IN a lengthy article upon Hon. Hugh McCulloch, formerly secretary of the United States treasury, and the honored father of Hon. Chas. McCulloch, of this city, Harper's Weekly pays the distinguished statesman this compliment: "The charming nature of the man is revealed in his Reminiscences, one of the most interesting and historical valuable books of the kind in American literature. The kindliness, modesty and simplicity which it displays are exceedingly attractive. The clearness and force of his financial views, as well as his tranquil independence, are illustrated by his more recent letters upon tariff reform. Politically Mr. McCulloch is the sole conspicuous survivor of the best kind of Henry Clay whig, and it is easy to understand, in contemplating his career, his character and his views, why that kind of whig so long commanded the sympathy of the intelligence and conscience of the country."

MISS MARY G. HUMPHREYS, daughter of W. S. Humphreys, formerly a business man in this city, is winning fame in the field of literature. Her first remarkable novel was, "At the Red Glove," and since then she has written other fine works of fiction. In a lengthy sketch of the lady the New York Press, among other things, says: "Miss Mary Gay Humphreys is in many ways one of the most remarkable newspaper women of which New York can boast. She came from Fort Wayne, Ind., at the time that the Standard was started and John Russel Young was at its head."

THE annual election of the board of directors of the Island Park assembly, Rome City, resulted as follows: Rev. N. B. C. Love, of Findlay, Ohio, president. Dr. J. H. Rerick, of Lagrange; F. W. Keil, of Fort Wayne, and Judge Buck, of Kalamazoo, vice-presidents; John Mitchell, treasurer. The following persons were elected members of board of managers for the ensuing year: John Mitchell, N. B. C. Love, D. B. Jerry Slack, C. U. Wade, F. W. Kiel, J. H. Rerick, P. N. Stroup, G. W. Mummert, F. N. Strayer, C. R. Moon, H. L. Taylor, N. B. Newman, O. L. Woodruff, J. B. Wade, O. B. Taylor, E. T. Brown and Eden H. Fisher.

SENATOR PADDOCK, of Nebraska, is a republican but he will probably kick over the republican traces when it comes to a vote on the McKinley tariff bill. He says: "I don't believe that it is a proper function of the government to build up the fortunes of any one class of citizens at the expense of another." This is sound democracy. "The moment," says Senator Paddock, "that the country gets the idea that a republican tariff is drafted and passed to benefit manufacturers alone at the expense of the consuming public, that moment not only will the republican supremacy be imperiled, but the protective principle itself will be most seriously endangered."

THE Farmers' alliance and the labor organizations of the county will hold a meeting in this city next Saturday afternoon to discuss the possibility of a fusion for the purpose of placing a county ticket in the field for the election next fall. They could not do better than to indorse the ticket nominated by the democrats at the Princess rink on the 14th day of last June. Every candidate on it possesses the qualifications which would fit him for making an excellent official and is deserving of the support of every voter. Added to this is the fact that the democratic party is the party of the people and is upholding those principles which are so nearly allied to the vital interests of the farmers and laboring masses—tariff reform, an economical management of public affairs and opposition to trusts.

WILL BRING CROWDS.

The Northern Indiana Fair to be Held in This City.

Preparations are being actively pushed for the great Northern Indiana fair which is to be held in this city on the 16th, 17th, 18th and 19th of September, and the indications point to the fact that there will be in Fort Wayne that week one of the largest crowds that has ever been here. Excursions will be run on all railroads and the different lines entering in the city will run a number of special trains to accommodate the crowds. The management of the fair association are now actively engaged in putting the different buildings on the fair grounds in proper shape and every detail will be made for good exhibits in all the departments. The crowds in attendance will give the merchants of the city a good opportunity of advertising their goods, and they with the manufacturers will be accorded every courtesy. They should take advantage of this and have displays of their goods at the fair. The Northern Indiana fair will be a success and every business man of Fort Wayne should do what he can to help it along. Let it be the best fair ever held in northern Indiana.

THE *Fortnightly Review* says that "if all the married men in England were to be sent out of the country their wives would, on the whole, regret their removal. This means, in brief, that the married women are more glad than sorry to be married." Now who'd a thought it!

COMMON COUNCIL.

Water Works Extensions Ordered---Some New Sidewalks---Other Business.

Resolved. That the water works trustees be instructed to extend the water mains from Gay street on Wallace to Smith street then south on Smith to Grant street then east on Grant to Thomas to Horace street. Said pipe to be paid out of the 3 per cent. levy for water works purposes. FRANK DELAGRANGE.

Referred to committee on waterworks.

Whereas, The committee on water works in their report of July 22 report in favor of laying the water mains on John street from Creighton avenue to Horace street, therefore, be it

Resolved. That the water works trustees be and they are hereby instructed to advertise to have the water mains laid on John street as per plans and specifications at the water works offices, to be paid out of the 3 per cent levy for water works purposes. FRANK DELAGRANGE.

Referred to committee on water works.

Whereas the most desirable and only available unimproved lot suitable for fire engine house purposes, situated on Maumee road, can be bought now for a reasonable price, on account of no improvements yet made on said lot, therefore,

Resolved, that the fire commissioners, re-consider their action as reported July 22, 1890, and that they are hereby instructed to purchase a lot to be used for the engine house purposes in the eighth ward. H. P. VORDERMARK. JOHN SMITH.

Finance and fire commissioners.

Resolved, that permission be given Henry Ross to build his own walk on the northwest corner of Washington and Walter street. H. P. VORDERMARK.

Referred to committee on streets with power to act.

Resolved, That the water works trustees be and they are hereby instructed to have the water mains laid on Oak street, from Ohio street to Division street. JOHN SMITH.

Referred to the committee on water works.

Resolved, That the street commissioner be instructed to replace the street crossing at the intersection of Melita and Webster streets. ROBERT CRAN.

Referred to street commissioner.

Resolved, That the city clerk is hereby ordered to draw a warrant in favor of the Talbot Paving company for the amount found due it by the estimate this night granted said company for the paving with cedar block at Hanna street from Wallace street to DeWald street, as against the city of Fort Wayne. GEO. W. ELY.

Adopted.

Resolved, That hereafter, before any estimate is reported to this council and referred to a special committee, the city civil engineer shall file with his report in detail the grading, paving, curbing and all extras pertaining to the estimate. This will give some light to your committee whether the estimate is correct. HERMAN MICHAEL, P. J. SCHEID, H. HILBERGHT, Committee. O. B. WILEY, city civil engineer.

Adopted.

Whereas, it is necessary for the council's committee examining estimates proposed to have before it the proper data for the purpose of basing the report upon. Therefore be it resolved,

That the city civil engineer and committee on streets are authorized to procure from time to time such assistance as may be necessary for the procuring of all proper assistance in the execution of the present public work. GEORGE W. ELY, HERMAN MICHAEL.

Adopted.

Whereas, a plan of improvement of Columbia street from Lafayette street to the Maumee river and Clay street from Columbia street to Main street was adopted June 1, 1889, providing for grading the same to a line not less than four feet above high water mark to the width of 66 feet from the intersection of Clay and Columbia, south and west, and 36 feet therefrom to the Maumee river; the hill to have a slope on the sides of 1½ feet horizontal to each foot vertical; guard rails on both sides of roadway. The foot of bank to be held by piling four feet apart extending not less than six feet below and four feet above the natural surface, sheeted 2½ inch plank; such bank to be riprapped for 100 feet on north and 50 feet on south side from wings of new bridge, west, as shown by report and diagrams of city civil engineer, and

Whereas, said work was let August 12, 1889, and its prompt and thorough completion is a matter of public interest and necessity, therefore, be it

Resolved, That the city civil engineer examine and report at the next meeting whether said work is done and if not in what respect there has been a failure to complete the same. M. CODY.

Adopted and engineer so instructed.

The city attorney, a member of the committee selected to hear objections to contemplated sewers, reported that at the meeting held in the city hall on Monday evening at 7:30 p. m., Aug. 4, 1890, to hear objections to the necessity therefor, Will H. Tigar appeared before said committee and objected to the construction of the alley sewer in Tabor's addition, running from Clay street, on the grounds that the same was impracticable. Your committee recommend that the engineer be instructed to report to this council at its next meeting the feasibility or non-feasibility of such sewer.

Concurred in and engineer so instructed. By Smith.

Resolved, (H. I.) that the sidewalks on the north side of Summit street, from Ohio street to Cedar street, be graded to a width of 10 feet and paved with brick to a width of 4 feet.

Referred to the committee on streets.

Councilman Michaels made a report that a committee of five and attorney and city engineer be appointed to fix a grade line on all profiles of streets to be improved, which motion was carried, and the mayor appointed the committee on streets and Councilmen Boltz and Smith added.

Dr. Bowen made a few remarks regarding the grade of Hanna street along the line of his property, and submitted a profile of the grade along said property.

The profile was referred to the committee on streets, civil engineer and city attorney.

On motion the council then adjourned.

Base Ball.

The Pilseners defeated the Van Wert team at that place, last Tuesday, 5 to 2. Collars and Heilt formed the battery for the Pilseners.

The Kaisers and Pilseners will play games on Labor day for $100 a side.

In the city league next Sunday the Pilseners play the Dortmunders, and the Kaisers play the North Waynes.

The Van Wert Bulletin says: "There are not as many people in town who think the Van Wert club can not play ball as there were two days ago. The game yesterday between the famous Pilseners, of Fort Wayne, and the Van Wert team, resulted in a score of 5 to 2 in favor of the visitors, a good score for any players. Mr. Levi X. Jacobs was umpire, and while his decisions in the main were fair he made one or two "rank ones against the home boys. This with some poor fielding on the part of Van Wert gave the visitors more than they rightfully deserved.

It is proposed to give Captain Scott a benefit game at League park next Saturday.

The scores of the league games played yesterday are as follows:

Brotherhood.—Boston 7, New York 0; Pittsburg 4, Buffalo 8; Brooklyn 11, Philadelphia 9; Chicago 4, Cleveland 6.

American association.—Columbus 12, Athletics 6; Brooklyn 2, Louisville 7; Toledo 6, Rochester 3; St. Louis 8, Syracuse 2.

National league.—Cleveland 8, Chicago 1; second game, Cleveland 1, Chicago 7; Boston 5, Brooklyn 6; Philadelphia 5, New York 9; Cincinnati 16, Pittsburg 3.

A HEBREW DIVORCE.

Unique Ceremony Which Severed the Union of a Jewish Couple.

In the office of the county jail Tuesday, at Jeffersonville, Ind., a Jewish divorce was granted. This is a very rare occurrence in this country. Abraham Cohen, in jail awaiting trial for horse stealing, was some months ago divorced from his wife, Mary Cohen, on her application in Louisville. As the proceedings of the law did not annul the marriage contract according to their doctrine and religion, it was necessary to perform the divorce according to the orthodox method. The proceedings which were performed by J. Finglestein, a Cincinnati rabbi, assisted by M. Isenberg, of Louisville, were novel and curious. Cohen and his wife walked into the office together. In his right hand the rabbi held a document written in Hebrew characters and a Hebrew Bible, from which he read alternate passages to the man, who repeated them after him. The document, which was supposed to be the divorce, was doubled up, and the rabbi turned upon the woman and, after going through a ceremony to which the wife listened weeping and with her hands raised before her, threw the paper into her hands, which she clasped upon it. The article was then handed to the rabbi, who took it and with a sharp knife severed it in twain, at the same time handing one piece to the woman and one to the man. This concluded the proceedings. The ceremony of divorce can only be performed by certain rabbis, of whom there are only six in the country.

A WESTERN lawyer who often addresses himself to individual members of the juries he confronts, once appeared for the plaintiff in a suit for damages brought against a street railroad company. He made a most eloquent appeal, but was unable to hold the attention of one of the jurors, who appeared to be an old sailor. At last he stopped directly in front of the sailor, and addressing him alone said: "Now, mate, I will tell you how the accident happened. The plaintiff was in command of an outward bound car, and stood in her starboard channels. An inward bound car came along, and just as their bows met she jumped the track, keeled, sheered to port, knocked my client overboard, and ran over him." The sailor listened attentively, and promptly joined in a verdict of five thousand dollars for the plaintiff.

FRUIT HOUSE PRICES FOR 1890.

This year opens favorable for the people, so far as the Sugar Market is concerned. Last season the great sugar trust had their grip on the market and made it ruinous to the purchaser—so much so that Sugars were advanced in 60 days at least 50 per cent. This is now over—the Sugar Trust is broken and Sugars have declined to a point lower than they ever were—the last reduction is 1 cent per lb.

We now offer Best Extra C., 5½c. Best Standard A., 6¼c.
Powdered and Crushed, 7c. Granulated and Cut Loaf, 7c.

COFFEE, COFFEE—Rio, Java, Mocha and Roasted Coffee.

There has been little change in the Coffee Market the last three months. It is too high yet. The clique has control of the market and keeps prices up. We still sell our best Rio at 22c. lb. This we are enabled to do in consequence of our large purchases and selling direct to our customers—in this way saving the profit of the jobber and wholesale merchant.

Best Rio Coffee, 22c. lb. Choice Old Govt. Java, 28c. lb.
Best Green Mocha, 30c. lb. Best Roasted Rio, 25c. lb.
Best Roasted Java, 33c. lb. Best Roasted Mocha, 35c. lb.

Durham Coffee in Packages, 26c. Levering's Coffee, 26c. lb.

TEAS, TEAS—Young Hyson, Oolong and Japan.

The high price of Coffee has induced a great many to try Tea—and when it is considered that a pound of Tea can be had for the price of a pound of Coffee and that it will go twice as far, it is not to be wondered at that there is a great increase in our Tea Trade. The truth is we sell double the quantity we used to a few years ago. Our motto is selling large quantities at a small profit, for we purchase direct of the Importers and then in selling direct to our customers we save three profits—the speculator, jobber and the wholesale dealer. We sell a good, rich drawing Tea at 20c. lb., and one grade as low as 10c. lb.

Young Hyson Tea, 20c., 30c.; best, 50c. lb.
Oolong Tea, 30c.; best, 50c. lb.

Chief Electrician H. E. Killen, of the Pittsburg shops, has returned from an extensive eastern trip. He visited Boston, Philadelphia and several of the largest eastern cities.

F. A. Opatz, Chas. Stewart, A. Rauner, Chas. Barnes, H. T. Schroeder, J. W. Harbor, H. J. Harmeyer, Frank Girard, J. E. McDorman, C. Rice, G. A. L. Szink and C. Ryan, of the Pittsburg blacksmith shops, are off duty today to attend the circus.

W. A. Mitchern, agent at Toledo, has resigned and is succeeded by F. Clark, agent at Peru. J. J. Lee, agent at New Haven, and well known in this city, goes to Peru in place of Mr. Clark, and J. W. Laughlin, of Antwerp, comes to New Haven, while O. W. Lake, operator at Clymers, goes to Antwerp.

Valentine Hutsel, of the Indiana Machine works, had two of his fingers badly injured yesterday. He was operating a large crane, when they were accidentally caught in the large cog wheels. The members were badly lacerated and he will be absent from duty for several days. Amputation may not be necessary.

A comparison has been made between the railroad operations in the United States and Europe by taking the Prussian system as typical of one and the Pennsylvania system representative of the other. The former system embraces 16,800 miles and is owned by the state; the Pennsylvania system is 7,844 miles. The total earnings of the Prussian system in the year for which comparison is made were $180,000,000, in round numbers, and the Pennsylvania system $123,000,000, so that the Prussian system, worth more than double the mileage of the Pennsylvania, only earned 50 per cent. more money. The earnings of the Prussian lines were $10,600 a mile; of the Pennsylvania lines, $16,000. The Prussian lines carried over 191,500,000 passengers, more than double the number transported by the Pennsylvania lines, 78,000,000. The Pennsylvania, however, carried 122,000,000 tons of freight, against 99,000,000 tons carried by the Prussian lines.

MAUMEE PIONEERS.

Annual Meeting of the Monument Association to be Held at Napoleon August 20.

(Toledo Bee.)

The annual meeting of the Maumee Valley Monumental association which will be held this year at Napoleon, will be of much interest to the citizens of Northwestern Ohio, particularly those who have been identified with the growth of this section. In speaking of it to a Bee reporter this morning Gen. John C. Lee said:

"The meeting will be held at Napoleon August 20, which date is the anniversary of the battle of Fallen Limbus, which was fought twelve miles up the Maumee from this city. The Indians were in command of Turkey Foot, and as is a matter of history, were badly whipped by Wayne. The meeting will be one of the most interesting in the history of the association. Gen. Hayes, the president, will be in attendance, and the orator of the day will be Judge Joseph Cox, of Cincinnati, one of the most famous historians in the state. He will arrive here the 17th instant, and the day following will visit the different forts and battle grounds in this vicinity. The evening of the 19th, Gen. Hayes, Judge Cox and the officers of the association will be tendered a grand reception by the citizens of Napoleon. The business meeting will be held at the court house the morning of the 20th. After the hearing of the secretary's report and the transaction of the regular business, the meeting will adjourn to the grove, where the exercises will be held. We have made strenuous efforts to get the bill through appropriating a sum for the erection of these monuments, and will, undoubtedly, be successful."

Fredericka Ahlers enters suit for divorce from John Ahlers. The complaint alleges cruel treatment, abusive language and failure to provide. Custody is asked of her four children who range from two to eight years of age. J. M. Robinson is attorney for the plaintiff.

Mary L. Wilhelm enters suit for divorce from Henry Wilhelm. The defendant in the case is the man who attempted suicide when he was locked up in the police station for drunkenness. He is now serving a jail sentence. The complaint alleges failure to provide, etc. There are no children.

AN elephant is a rather huge and unwieldly animal to go walking about in his sleep. A circus elephant on board a train going from Pittsburg to Johnstown the other night developed into a successful somnambulist. While in a deep slumber, and dreaming, perhaps, that he was in old Africa taking a walk through a favorite jungle, he made a couple of laps around his car, and then walked out of the side door. Sleep, sleep even of the balmiest description, is likely to be interupted by such an incident, and the elephant had no sooner struck the ground than he was wide awake. Like Patti, in "Somnambula," he asked with a bewildered look, "Where am I," and then finding himself but little hurt, he began to patrol back and forth on the track, where a few hours later he was found by his keepers. The next time he travels at night he will probably take a sleeper and tip the porter to look out for him if he walks in his sleep.

A PASTEBOARD box, marked "Flowers," was received at Gainesville, Ga., addressed to a lady of that city. Upon opening the box she was horrified to find reclining on a bed of crushed roses a half-grown snake that lay quietly concealed and sluggish from its confinement. A member of the sterner sex pacified the nervous female by again sealing up the package and returning it to the postoffice, where it remained until a report of the case could be heard from. The Attorney General in reply to a query from the inspector, said the offender could not be punished; that while the snake was an unmailable article there was no statute punishing the sender. It is thought that the woman's husband, from whom she has been separated, was the sender

Railroad Wreck.

PLATTSBURG, N. Y., Aug. 6.—A serious accident occurred on the Delaware and Hudson River railroad, about four miles south of Port Kent, yesterday morning, by one train crashing into the other. The engine of Connor's train was completely demolished and seven cars derailed and badly damaged. Engineer King received severe bruises, and fireman Whitehead was so badly hurt that he may die.

We Caution All Against Them.

The unprecedented success and merit of Ely's Cream Balm—a real cure for catarrh, hay fever and cold in the head—has induced many adventurers to place catarrh medicines bearing some resemblance in appearance, style or name upon the market, in order to trade upon the reputation of Ely's Cream Balm. Don't be deceived. Buy only Ely's Cream Balm. Many in your immediate locality will testify in highest commendation of it. A particle is applied into each nostril; no pain; agreeable to use. Price 50 cents.

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 709. New York, Dec. 24, 1889.

BANK OF NEW YORK.

National Bankers Association.

Pay to the order of L. G HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ---- DOLLARS.

$578,345 00/100 — 29 DEC 28 1889. — CERTIFIED, Payable through New York Clearing House, N. Y. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life-insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

BETTER COME HOME!

Chauncey, There is Trouble on Your Head and You Ought to Return from Paris.

NEW YORK, Aug. 7.—Last evening E. J. Lee, district master workman of district assembly 240, sent the following cable dispatch to Chauncey M. Depew at Paris:

"Your subordinate officers are discharging by the wholesale your old employes. The situation demands immediate action on your part. Wire answer."

In the yards of the company at the foot of Sixty-fifth street fifty men are on a strike because of an alleged decrease of salary.

THE KEMMLER EXECUTION

Continues to Excite Great Interest—It Was Not a Success.

AUBURN, N. Y., Aug. 7.—The subject which continues to excite the greatest interest in connection with the Kemmler execution is the record of the voltage of the shock which killed him. It has been generally supposed that the first shock was 1,300 volts and the second between 1,600 and 2,000. Electrician Barus, who was in the dynamo room, said to one of the physicians in attendance yesterday that at no time was the voltage more than 1,100 and that it fell frequently to 800.

Dr. Daniels, of Buffalo, who performed the delicate work of removing the brain and spinal cord of the dead man at the autopsy, has gone home, taking with him remnants of the spinal cord and other specimens for experiment. It is learned to-day for the first time that, in the consultation of the doctors Tuesday night, Warden Durston made a proposition to hold the execution at 9 o'clock that night, but it was determined by a vote of those present that it would be better to hold it in the day time.

Warden Durston stated to a United Press reporter, this afternoon that the remains of Kemmler still lie in the room in the prison where the autopsy was held yesterday. He has not decided where the remains will be finally buried.

NEW YORK, Aug. 7.—The World says the first experiment in electric execution should be the last. Its results strongly condemns this method of putting criminals to death as very cruel and very shocking. The effect upon the witnesses was sickening. The effect upon the public is still more shocking. The electric execution law should be repealed. So long as it stands, convictions for capital offences will be difficult to the point of impossibilities. Juries will not willingly condemn to death by torture.

THE NATIONAL CAPITAL.

The Proceedings of the National Congress To-Day.

WASHINGTON, Aug. 7.—The senate met at 10 o'clock, but there were only 32 senators present at roll call—less than a quorum. After waiting a few minutes a quorum was obtained, and after transacting some morning business the tariff bill was taken up—the pending question being on Mr. Vance's amendment to reduce the duty on pig iron from 3-10 cent per pound to $5 per ton.

Mr. Edmunds presented a letter received by him from Mr. Weaver, acting commissioner of the department of labor, giving the figures of the cost of direct labor in the several processes of converting the natural elements into pig iron, steel ingots and steel rails—the total being $11.59 for a ton of steel rails out of a total cost of $25.79, or at the rate of 45 per cent. for direct labor from beginning to end.

Mr. Reagan remarked that that estimate was only one-half of Mr. Hewitt's estimate, which was nine per cent. Mr. Edmunds explained that Mr. Hewitt's statement included all the labor cost while that now presented only applied to the direct labor cost. Mr. Vance's amendment was rejected—yeas 17, nays 27—a strictly party vote.

The house to-day adopted a resolution calling on the postmaster general for copies of the agreements for the transportation of mails between the United States and foreign countries.

Murderer Pardoned.

SPRINGFIELD, Ill., Aug. 7.—John D. Cochran, of Wabash county, was sentenced in November, 1888, to imprisonment for life for, the murder of John Buckenberger, of Evansville, Ind. Application for his pardon was filed and Governor Fifer has reviewed the case thoroughly. He finds that subsequent to Cochran's incarceration satisfactory evidence was produced to prove that Buckenberger committed suicide, and an immediate pardon is granted.

Destroyed by Fire.

BELOIT, Wis., Aug. 7.—The big paper mill, one of the model straw-board mills of the country, owned by the Beloit Straw Board company, was almost entirely destroyed by fire yesterday afternoon. The loss is estimated at $40,000; covered by insurance.

BLOODY BATTLE.

Belligerent Colorado Farmers Fight With Much Bloodshed.

GLENWOOD SPRINGS, Colo., Aug. 7.—Thomas Welch and Alexander Laville have for some time disputed over the ownership of certain lands in northwestern Gunnison county, on Muddy Creek.

Yesterday Laville and five helpers were cutting hay, and expecting trouble they were all armed. Welch and son with three others soon came up and opened fire, which was immediately returned, the parties exchanging about 100 shots. Welch and his son and Alex. Laville were killed outright. Charles Burham will die. Pete Small received two bullets in the thigh, but will live.

MEDIAEVAL TORTURE

In What English Journals Call Kemmler's Taking Off.

LONDON, Aug. 7.—The Chronicle, commenting upon the killing of Kemmler by electricity, says: "The scene was worthy of the darkest chambers of the inquisition in the sixteenth century."

The Times says it would be impossible to imagine a more revolting exhibition. It advocates the lethal chamber in preference to the use of electricity.

The Standard says: "The scene can be described as a disgrace to humanity and will send a thrill of indignation throughout the civilized world. We cannot believe the American people will allow the electrocution law to stand."

Dreadful Death.

CINCINNATI, Aug. 7.—Mrs. Marie DeCamp, the aged widow of the late Joseph DeCamp, was found dead in the cellar of her residence this morning. She had gone from her bed into the cellar with a lighted candle during the night, without the knowledge of her daughter, and set fire to her night clothes. She was eighty-four years old and almost helpless.

Convict Taken Back.

BUCYRUS, O., Aug. 7.—Samuel D. Miller, the escaped convict, who was arrested at Crestline two weeks ago for burglary, was taken back to the Ohio penitentiary, his escort being Deputy Penitentiary Warden Cornelius Brady. Miller escaped from the penitentiary last winter, where he has yet five years to serve for burglary in Delaware county.

Will Abolish Piece Work.

INDIANAPOLIS, Aug. 7.—The convention of the Brotherhood of Machinery Moulders went into committee of the whole yesterday and discussed the subject of piece work. The conclusion reached by them was to bring every effort to bear to abolish the piece work system where the brotherhood men are employed.

Military.

WASHINGTON, Aug. 7.—The president sent to the senate to-day the following nominations: Lieutenant, Col. Thos. M. Vincent, assistant adjutant general, to be colonel and assistant adjutant general. Major Morrill Banbey, assistant general, to be lieutenant colonel and assistant adjutant general.

Chicago Markets.

CHICAGO, Aug. 7.—Wheat: Sept., 96½@95¾; May, $1.02¾. Corn: Aug., 48¾; Sept., 49¾; May, 54. Oats: Aug., 40¾; Sept., 39¾; May, 42¾. Pork: Aug., $11.50; Sept., $11.50. Lard: Aug., $6.20; Sept., $6.30. Ribs: Sept., $5.42½.

France's Ultimatum to Dahomey.

PARIS, Aug. 7.—France has sent an ultimatum to Dahomey demanding the cession of Kotonou and Whydah. If the demand is rejected, an expedition to be composed mostly of Senegalese Arabs will start for Dahomey in October.

Chicago's School Census.

CHICAGO, Aug. 7.—The annual census of Chicago taken by the local school board was completed to-day for the year 1890. The total population is recorded as 1,208,669, or about 10,000 more than the United States census shows.

Body Recovered.

BOSTON, Aug. 7.—The body of Bridgejumper McCaffrey, of Montreal, who last Sunday jumped 130 feet into the river from a pair of shears on the East Boston ship yard, was found floating in the water to-day.

Barn Burned.

READING, Pa., Aug. 7.—The brick barn on the farm of Frank M. Esterly, in Exeter township, this county, was burned by incendiaries last night. Loss $2,000; partly insured.

MORMONS MUST GO!

Further Returns From the Elections in Utah Give the Liberals a Sweeping Victory.

SALT LAKE CITY, Utah, Aug. 7.—The liberals have carried Salt Lake county, with the exception of sheriff and recorder, and through irregularities in the Mormon precincts they may be counted out, as their majorities are very small. The liberals carried Salt Lake, Box Elder, Summit, and Webber counties, which are, in fact, the territory, as they contain eight-tenths of the population.

THEY WANT PEACE.

San Salvador and Guatemala Wish to Avoid Bloodshed.

CITY OF MEXICO, Aug. 7.—General Ezeta, of San Salvador, has informed the diplomatic corps at Guatemala City, which is mediating for peace, that he anxiously wishes peace in order to avoid further bloodshed. The announcement in yesterday morning's papers here, of the acceptance by Guatemala of the proffered mediation of United States Minister Misner's service, with a view to securing peace through the foreign diplomatic corps resident in the City of Guatemala, is considered as conclusive proof of weakness on the part of the Guatemalan government, which, in making war against San Salvador, did not reckon with its host. The Guatemalan legation here, however, even denies that such an offer has been made.

Foreign News.

CAIRO, Aug. 7.—The deaths from cholera at Joddah average 100 daily.

MADRID, Aug. 7.—There was a fatal case of cholera in this city to day.

LONDON, Aug. 7.—The Emperor William has postponed his departure until midnight, Friday.

Eight hundred laborers employed on the docks at Gloucester have struck.

BERLIN, Aug. 7.—A committee consisting of members from the different counties represented, has been appointed by the international cremation congress for the purpose of furthering the movement for the cremation of the dead.

Strike Settled.

FARMINGTON, N. H., Aug 7.—The strike of the Boot and Shoe Workers' International union for a restoration of a 5 per cent. cut down at the factory of H. B. Edgely & Son, was settled yesterday in favor of the strikers, the terms being: The wages restored, a union shop in the future and the ultimate reference of future troubles to the general board of the union.

Fight in Colors.

LEXINGTON, Ky., Aug. 7.—At 7 o'clock last night Wm. Richards and Wm. Jackson attacked Tom Irvine with pistols. Irvine returned the fire and a desperate fight ensued. Richards was instantly killed, Jackson badly wounded and a bystander, Wm. Maupin, mortally shot. Irvine escaped injury. All are colored.

College Burned.

MONTREAL, QUE., Aug. 7.—Word reached here this morning that Moffatt college on Isle Point, ten miles from here has been burned to the ground. Over 300 students were in attendance at the college and they are now quartered in out buildings and farm houses. There was no loss of life so far as known.

Too Much Tariff.

ST. LOUIS, Mo., Aug. 7.—The Eagle glass and metal company made an assignment for the benefit of creditors yesterday. The liabilities are placed at $50,000, assets $30,000. The company has been engaged in the manufacture of ornamental glass by a secret process. No cause is given for the assignment.

Newspaper Sold.

CHICAGO, Aug. 7.—The Globe newspaper was sold yesterday to a stock company recently organized, the purchasers taking immediate control. The directors of the new company are E. L. Cox, John A. King, James C. Strain, A. L. Patterson, W. C. Newberry and Harry Wilkinson.

The Panama Canal.

PARIS, Aug. 7.—The report of the liquidators of the Panama canal company which has been presented to the tribunal of the Seine, gives the total expenditures of the company so far as 1,313,000,000 francs. On March 3 the assets were 16,000,000 francs.

Employe Killed.

WESTFIELD, N. Y., Aug. 7.—John Taggart, employed at the water works here, was killed yesterday by the explosion of a dynamite cartridge.

Drowned.

LINCOLN, Mass., Aug. 7.—James F. Smith, of Nowberg, N. Y., was drowned in Lincoln pond, yesterday afternoon, while bathing.

FATAL ACCIDENT.

Christian Fuhrman, of Williamsport, Suffers Terrible Injuries—A Broken Plow Joint the Cause.

Yesterday afternoon one of Williamsport's most prominent residents, Christian Fuhrman, met with terrible injuries which will in all probability terminate fatally. Mr. Fuhrman left the farm house shortly after dinner, informing his wife that he was going to sharpen a dull plow point. He had an improvised apparatus by which horse power was furnished a large emery stone. While the machine was in motion and the wheel revolving at a high rate of speed, the emery wheel broke into three pieces from too great a pressure on the stone. The fragments flew from the hands of the farmer, one striking him, and imbedding itself in his left lung in close proximity to the heart and another striking his jaw bone and literally tearing off one side of the unfortunate man's face. Dr. Worley was summoned and he performed such surgery as would practically apply to the case but all hopes of saving the patient's life were abandoned last night. He remains unconscious, suffering indescribable agony, alternately groaning from pain and praying for death to come as relief. Relatives have been summoned and are at his bedside. Mr. Fuhrman has been considered a very well-to-do farmer. He owns a fine farm and has a home which is made a haven of blissful content by a wife and two model children. It is indeed a sad case.

CAMP HOVEY.

Our Soldier Boys at South Bend Enjoying Themselves.

(South Bend Times.)

The soldiers at Camp Hovey have been fortunate in having pleasant weather so far for camp life.

The boys are all enjoying themselves in their camp life, but the attractions outside of camp are such that many of them find it much pleasanter to spend all the spare time they can on the streets of the city. The business thoroughfares were crowded with them last evening.

Yesterday's papers reported the Fort Wayne band as belonging to the infantry. The artillery boys will not have it just that way, for they are the artillery regimental band, and wish it to be understood that they wear red stripes instead of white. They were made the regimental band August 8, 1888, and will compare with any military band in the country. Every one should hear them at the concert at the court house this evening. H. W. Todd will treat the public to some of his famous cornet solos. Director Achenbach has been with them since their organization and is a favorite in camp.

INFAMOUS ACTS.

A majority of the boys in blue are very gentlemanly and deserving of commendation, but, but in nearly all "well regulated families," an occasional black sheep is found. Yesterday evening a number of the militia were coming to town when they met a young lady on St. Louis street and they took occasion to catch her and drag her off. She made an outcry, when her brother appeared on the scene, and turned the hose on them. This availed nothing and Officer Cassidy was called to the rescue. He proceeded to arrest the men when another lot of the militia came to the rescue and rescued the boys from the officer's clutches, and finally they all got away. The young lady was badly frightened and was prostrated for some time. These young scape graces will yet get themselves into trouble before they leave our city, and if caught, will certainly be made an example of.

Room for the Great Dead.

LONDON, Aug. 7.—The commission appointed to investigate the condition of Westminster abbey in respect to its further use as a burial place of distinguished persons, has found that the necessity for discontinuance of the practice is not pressing, as there is room for a hundred or more graves.

A Fatal Dam to Charity.

PITTSBURG, Aug. 7.—It has about been decided by the members of the South Fork Fishing and Hunting club to donate the property at the famous South Fork dam to the Pittsburg Fresh Air association.

Big Fire.

VERMILLION, S. D., Aug. 7.—A fire starting last night, burned sixteen business buildings to the ground. Loss, $35,000: insurance, $16,000. The fire was incendiary. Brick buildings will replace those consumed.

The Weather.

WASHINGTON, Aug. 7.—Indiana—Showers; southerly winds; stationary temperature.

THE BARNUM SHOW.

The Street Parade Was a Magnificent One—Large Attendance This Afternoon.

The great Barnum show is here.

It arrived at an early hour this morning, from Lima.

The street parade was something new in this line, and was witnessed by thousands upon thousands of people, and it was one of the best ever given in this city.

The many costly and valuable vehicles were drawn by the most beautiful collection of horses ever brought to this city. There were any number of beautiful chariots, among them Blue Beard, Mother Goose, Santa Claus, the old woman in the shoe, and others, all costly and elegant.

Seven open dens of wild lions, tigers, hyenas, wolves, bears, etc., with the keeper of each seated among the animals were the admiration of all. There were a herd of elephants with riders, a drove of camels attached to chariots, zebras drawing a fancy chariot, miniature Shetland ponies, etc. There were knights in full armor, charming lady jockeys, Olympian hippodrome riders, Roman racing chariots, thoroughbred racing horses, performing horses, trick stallions, mechanical automatic steam musical chariots, chimes, etc. There were an endless number of cages containing wild animals from all parts of the world, and altogether the parade was all that had been promised for it. Large crowds followed the return of the parade to the grounds on Hamilton's field and the side show which had already commenced to operate, was doing a thriving business, and their side shows were excellent.

The gates of the big show opened promptly at 1 o'clock, by which hour thousands of anxious, eager people were waiting to enter. The first big tent was the menagerie, or Barnum's "Zoo," with long rows of magnificent cages, containing only the rarest and finest animals, which were without doubt the finest ever seen in this city.

The next tent to enter was the "big top," or main show, which seats 14,000 people, and to day every seat appeared to be occupied. The performance was opened with the usual grand entree, but this time on a much more elaborate scale than before.

As soon as the entree was over the regular circus performance commenced in three rings, and two stages. In five different arenas five different shows were enacted simultaneously, and before one had well realized that the five performances were done, five others had succeeded, and so on till the interval was announced, which was to prepare the way for the great spectacular show of Imre Kiraly's "Nero, or the Fall of Rome."

This is a truly magnificent pantomimic presentation, and the triumphal procession with which the entry of the last of the Cesars is signalized beggars description. Certainly nothing like it has been seen here. Chariots ablaze with gold, gaily caparisoned steeds, with glittering coverings and costumes of the most gorgeous descriptions passed in dazzling array before the cheering crowds with Nero himself realizing in his triumphal car docked.

At the evening performance this spectacular production will be given first and the ring shows second. So all should be on hand early.

A GREAT SHOW.

There are over 3,000 people who draw a salary from the Barnum & Bally show. Something over 1,200 are in the city to-day. Over 900 are in Boston with the "Fall of Babylon" and the balance are agents who are scattered all over the globe. It is an immense institution and one that commands the respect and admiration of every observant person who attends one of the great performances. Traveling with their own cars which are made into four sections and hauled by four engines. Traveling on an average of 100 miles a day, giving two shows and a parade every twenty-four hours. Sleeping and feeding 900 people it is indeed a wonder that every dollar taken in at the door is not paid out again for expenses, but the circus must pay as P. T. Barnum's wealth is estimated at over $10,000 000 and J. A. Bailey's at over $2,500,000.

A Narrow Escape.

Engineer John Kennedy, of the Nickel Plate, had a narrow escape from death this morning, west of Valparaiso, by the breaking of one of the side rods of the engine. The engineer's cab of the cab was a total wreck. Mr. Kennedy saw the rod break and jumped on the other side of the cab just in time to save his life. The engine was sent to Stoney Island for repairs.

NEW BRIDGES.

The County Commissioners to Let Fifteen Thousand Dollars Worth of Work To-Day.

The county commissioners are in special session this afternoon for the purpose of letting bridge contracts. There will be six new structures, as follows:

No. 1.—One span 60 feet, divided into four panels, 15 feet each, depth of truss, 7 feet; in Monroe township.

No. 2.—One span 70 feet, divided into five panels, 14 feet each, depth of truss, 8 feet; in Monroe township.

No. 3.—One span 30 feet, divided into three panels, 13 feet each, depth of truss, 4½ feet; on line of Jackson and Jefferson townships.

No. 4.—One span 26 feet, divided into two panels, 13 feet each, depth of truss, 4 feet; Madison township.

No. 5.—One span 28 feet, divided into two panels, 14 feet each, depth of truss, 4 feet; Lafayette township.

No. 6.—One span 39 feet, divided into three panels, 13 feet each, height of truss, 4½ feet; to be built on a skew line of 3 feet.

The estimated cost of these bridges is $15,000. The substructures will be of stone or iron, and superstructures of wrought iron. Among the representatives present to submit bids in person are those of the Canton, Massillon and Milwaukee bridge companies. W. K. Liggett, engineer of the Columbus, O., substructure company, is present to bid on that part of the work. The contracts will be let this afternoon and work will proceed at once.

THREE OF A KIND.

Three Cases of Larceny Before the Mayor—Police Court.

Mayor Harding had three cases of larceny and other cases before him this morning.

Chas. Dayton was sent to jail for fourteen days for malicious trespass. He carried away a portion of a billiard table belonging to Josephine Merz.

Enoch Joslyn and Jeff Williams, charged with stealing buggy fixtures from John Parham, waived preliminary hearing and were bound over to the circuit court in the sum of $300 each for trial.

Joseph Kelly was arrested by Officer Quinn for drunkenness and got eleven days.

A man giving a fictitious name was run down by ex-Lieutenant Fuchshober yesterday afternoon for stealing cigars. He was bound over in the sum of $300 to await the action of the grand jury.

A DOUBLE QUARTET.

A Musical Organization Composed of Emmett Club Members.

There has been formed a musical auxiliary to the Emmett club of Library hall, which will be known as the "Emmett Quartet." The organization will be heard in public frequently. The members comprising it are as follows: Wm. Rohan, Wm. Bemman, Louis Hudry, Nelson Bradley, James Duffy, Frank Mauuel, Frank Fry, Ambrose H. Benedict. The double quartet will be under the direction of Carl Weber, the pleasant deputy city treasurer.

Skipped With $1,800.

PHILADELPHIA, Aug. 7.—J. M. Allen, cashier of the millinery department of Strawbridge & Clothier, has skipped with the day's receipts, amounting to $1,800. No clew.

Minnesota Convention.

MINNEAPOLIS, Aug. 7.—The democratic central committee to-day fixed on September 9 as the date and St. Paul as the place of the state convention.

LOCAL LINES.

Will K. Snavely and wife and Mrs. George King and son, of Wabash, are in the city to attend the circus today.

The First Regiment band, now at the South Bend military encampment, has accepted a special invitation from the mayor to participate in an open air concert.

At Loipsic, O., this morning, a Cincinnati, Hamilton and Dayton locomotive crashed into a Nickel Plate freight train. The engineer was injured and considerable damage done.

Allie York, a notorious tough, was arrested on Grand street this afternoon for fighting. He resisted and several officers were required to land him behind the bars. He had to be clubbed before he would go.

The correspondents who are sending from this city special telegrams to metropolitan papers announcing the prevalence of glanders here ought to be muzzled. They are telling great big "whoppers" and are doing an injury to Fort Wayne.

A Sensible Precaution.

Though disease can not always be conquered, its first approach can be checked. But not only is the use of a medicinal safeguard to be recommended on the first appearance of a malady, but a wise discrimination should be exercised in the choice of a remedy. For thirty years or more Hostetter's Stomach Bitters has been the reigning specific for dyspepsia, fever and ague, a loss of physical stamina, over complaint and other disorders, and has been most emphatically indorsed by medical men as a health and strength restorative. It is indeed a wise precaution to use this superior tonic before the first and slightest attention is paid to subordinate ailments, and sold in metallings and quart bottles per the week ending Saturday, August 2, 1890, was as follows:

Monday, July 28	2,882
Tuesday, July 29	2,805
Wednesday, July 30	2,870
Thursday, July 31	2,820
Friday, August 1	2,982
Saturday, August 2	2,835
Total for the week	17,044
Average for the week	2,841

THE cool wave is welcome.

THE senate is still talking tariff.

CONGRESS may not adjourn until the Christmas holidays.

THE pickpocket is getting in his work to-day. Big crowds enables him to reap a harvest.

THIS is circus day and the happiest day in the year for the 10,000 boys living in the city.

THE South Bend encampment of the Indiana legion is a success. The camp has been christened Camp Harvey.

THE election of members of the legislature in Oklahoma resulted in a republican victory. A full vote was cast.

BARNUM'S show has brought a big crowd to Fort Wayne to-day. Labor day will again fill the city with strangers and then will come the Northern Indiana fair.

JOHN I. DILLE, register of the United States land office at Guthrie, Oklahoma, has resigned, his resignation to take effect September 1. John H. Cotterall, formerly of Henry county, Indiana, now of Oklahoma, is an applicant for the position. He is strongly indorsed by Hoosier republicans and residents of Oklahoma.

PROF. C. L. CLIPPINGER, of this city, delivered an address Tuesday evening in Huntington at the county convention of the Young People's Christian Endeavor society. In speaking of his effort the Huntington Herald says: "The address was on the subject of 'Youth's Opportunity,' and gave an exhaustive review of the possibilities of the work of young people and was a masterful, logical and strong effort and one that should be productive of much good."

THE bungle made in the execution of Kemmler, the horrible details of which we published in our telegraph columns yesterday, will do much to pave the way to the abolition of capital punishment. The one motive for the authorization of electricity as a means of inflicting the death penalty was that it was a more humane way of sending the victim's soul into eternity. It proved to be a more brutal way. The day is coming when these legal death apparatuses will all be things of the past and life imprisonment the fate of even the worst criminals.

IN a lengthy article upon Hon. Hugh McCulloch, formerly secretary of the United States treasury, and the honored father of Hon. Chas. McCulloch, of this city, Harper's Weekly pays the distinguished statesman this compliment: "The charming nature of the man is revealed in his Reminiscences, one of the most interesting and historical valuable books of the kind in American literature. The kindliness, modesty and simplicity which it displays are exceedingly attractive. The clearness and force of his financial views, as well as his tranquil independence, are illustrated by his more recent letters upon tariff reform. Politically Mr. McCulloch is the sole conspicuous survivor of the best kind of Henry Clay whig, and it is easy to understand, in contemplating his career, his character and his views, why that kind of whig so long commanded the sympathy of the intelligence and conscience of the country."

MISS MARY G. HUMPHREYS, daughter of W. S. Humphreys, formerly a business man in this city, is winning fame in the field of literature. Her first remarkable novel was, "At the Red Glove," and since then she has written other fine works of fiction. In a lengthy sketch of the lady the New York Press, among other things, says: - "Miss Mary Gay Humphreys is in many ways one of the most remarkable newspaper women of which New York can boast. She came from Fort Wayne, Ind., at the time that the Standard was started and John Russel Young was at its head."

THE annual election of the board of directors of the Island Park assembly, Rome City, resulted as follows: Rev. N. B. C. Love, of Findlay, Ohio, president. Dr. J. H. Rorick, of Lagrange; F. W. Keil, of Fort Wayne, and Judge Buck, of Kalamazoo, vice-presidents; John Mitchell, treasurer. The following persons were elected members of board of managers for the ensuing year: John Mitchell, N. B. C. Love, D. B. Jerry Shuck, C. U. Wade, F. W. Kiel, J. H. Rorick, P. N. Stroup, G. W. Mummert, F. N. Strayer, C. B. Moon, H. L. Taylor, N. B. Newman, O. L. Woodruff, J. B. Wade, O. B. Taylor, E. T. Brown and Eden H. Fisher.

SENATOR PADDOCK, of Nebraska, is a republican but he will probably kick over the republican traces when it comes to a vote on the McKinley tariff bill. He says: "I don't believe that it is a proper function of the government to build up the fortunes of any one class of citizens at the expense of another." This is sound democracy. "The moment," says Senator Paddock, "that the country gets the idea that a republican tariff is drafted and passed to benefit manufacturers alone at the expense of the consuming public, that moment not only will the republican supremacy be imperilled, but the protective principle itself will be most seriously endangered."

THE Farmers' alliance and the labor organizations of the county will hold a meeting in this city next Saturday afternoon to discuss the possibility of a fusion for the purpose of placing a county ticket in the field for the election next fall. They could not do better than to indorse the ticket nominated by the democrats at the Princess rink on the 14th day of last June. Every candidate on it possesses the qualifications which would fit him for making an excellent official and is deserving of the support of every voter. Added to this is the fact that the democratic party is the party of the people and is upholding those principles which are so nearly allied to the vital interests of the farmers and laboring masses—tariff reform, an economical management of public affairs and opposition to trusts.

WILL BRING CROWDS.

The Northern Indiana Fair to be Held in This City.

Preparations are being actively pushed for the great Northern Indiana fair which is to be held in this city on the 16th, 17th, 18th and 19th of September, and the indications point to the fact that there will be in Fort Wayne that week one of the largest crowds that has ever been here. Excursions will be run on all railroads and the different lines entering in the city will run a number of special trains to accommodate the crowds. The management of the fair association are now actively engaged in putting the different buildings on the fair grounds in proper shape and every detail will be made for good exhibits in all the departments. The crowds in attendance will give the merchants of the city a good opportunity of advertising their goods, and they with the manufacturers will be accorded every courtesy. They should take advantage of this and have displays of their goods at the fair. The Northern Indiana fair will be a success and every business man of Fort Wayne should do what he can to help it along. Let it be the best fair ever held in northern Indiana.

THE *Fortnightly Review* says that "if all the married men in England were to be sent out of the country their wives would, on the whole, regret their removal. This means, in brief, that the married women are more glad than sorry to be married." Now who'd a thought it!

COMMON COUNCIL.

Water Works Extensions Ordered---Some New Sidewalks---Other Business.

Resolved, That the water works trustees be instructed to extend the water mains from the street on Wallace to Smith street then south on Smith to Grant street then east on Grant to Thomas to Horace street. Said pipe to be paid for at the 3 per cent. levy for water works purposes. FRANK DELAGRANGE.

Referred to committee on water works.

Whereas, The committee on water works in their report of July 21 report in favor of laying the water mains on John street from Creighton avenue to Horace street, therefore, be it

Resolved, That the water works trustees be and they are hereby instructed to advertise to have the water mains laid on John street as per plans and specifications at the water works offices, to be paid out of the 3 per cent. levy for water works purposes. FRANK DELAGRANGE.

Referred to committee on water works.

Whereas the pipes available and only available unimproved lot, suitable for fire engine house purposes, situated on Hanmer road, can be bought now for a reasonable price, on account of no improvements yet made on said lot, therefore,

Resolved, That the fire commissioners, reconsider their action as reported July 21, 1890, and that they are hereby instructed to purchase a lot to be used for fire engine house purposes in the eighth ward. H. F. VORDEMARK.

JOHN SMITH.

Finance and fire commissioners.

Resolved, That permission be given Henry Ross to build his own walk on the northwest corner of Washington and Walter street.

H. F. VORDEMARK.

Referred to committee on streets with power to act.

Resolved, That the water works trustees be and they are hereby instructed to lay the water mains laid on oak street, from Ohio street to Division street. JOHN SMITH.

Referred to the committee on water works.

Resolved, That the street commissioner be instructed to replace the street crossing at the intersection of Melita and Webster streets.

ROBERT CHAN.

Referred to street commissioner.

Resolved, That the city clerk is hereby ordered to draw a warrant in favor of the Fort Wayne Paving company for the amount found due it by the estimate this night granted said company for the paving with cedar block on Hanna street from Wallace street to DeWald street, as against the city of Fort Wayne.

GEO. W. ELY.

Adopted.

Resolved, That hereafter, before any estimate is reported to this council or referred to a special committee, the city civil engineer shall file with his report in detail the grading, parking, curbing and all extras pertaining to the estimate. This will enable this body or your committee whether the estimate is correct.

HERMAN MICHAEL,
J. J. SCHMID,
H. BUSENBURG,
Committee.

O. B. WILEY, city civil engineer.

Adopted.

Whereas, It is necessary for the council's committee on claims and purposes, proposed to have before it the proper data for the purpose of basing the report upon. Therefore be it resolved,

That the city civil engineer and committee on streets are authorized to procure from time to time such assistance as may be necessary for the procuring of all proper assistance in the execution of the present public work.

GEORGE W. ELY,
HERMAN MICHAEL.

Adopted.

Whereas, a plan of improvement of Columbia street from Lafayette street to the Maumee river and clay street from Columbia street to Main street was adopted June 4, 1889, providing for grading the same to a line not less than four feet above the natural surface, and for the width of 66 feet from the intersection of Clay and Columbia south and west, and 36 feet therefrom to the Maumee river; and

Whereas, it is best to have a uniform grade of the same of 1½ feet horizontal to each foot vertical; guard rails on both sides of roadway. The foot of bank to be held by piling four feet apart extending not less than six feet below and four feet above the natural surface, planked 2½ inch plank; said bank to be surrounded for 100 feet on north and 50 feet on south side from wings of new bridge, west, as shown by report and diagrams of city civil engineer, and

Whereas, said work was let August 15, 1889, and in prompt and thorough completion is a matter of public interest and necessity, therefore, be it

Resolved, That the city civil engineer examine and report at the next meeting whether said work is done and if not in what respect there has been a failure to complete the same.

M. COSY.

Adopted and engineer so instructed.

The city attorney, a member of the committee selected to hear objections to contemplated sewers, reported that at the meeting held in the city hall on Monday evening at 7:30 p. m. Aug. 4, last to hear objections to the necessity of sewer, Will H. Vigo appeared before said committee and objected to the construction of the alley sewer in Tabor's addition, running from Clay street, on the grounds that the same was improvident. Your committee recommend that the engineer be instructed to report to this council at its next meeting the feasibility or non-feasibility of such sewer.

Concurred in and engineer so instructed.

By Smith.

Resolved, (H. B.) that the sidewalks on the north side of Burnett street, from Ohio street to Cedar street, be graded to a width of 16 feet and paved with brick to a width of 4 feet.

Referred to the committee on streets.

Councilman Michaels made a report that a committee of five and attorney and city engineer be appointed to fix a grade line on all profiles of streets to be improved, which motion was carried, and the mayor appointed the committee on streets and Councilmen Beltz and Smith added.

Dr. Rosen made a few remarks regarding the grade of Hanna street along the Fox Island property, and submitted a profile of the grade along said property.

The profile was referred to the committee on streets, civil engineer and city attorney.

On motion the council then adjourned.

Base Ball.

The Pilseners defeated the Van Wert team at that place, last Tuesday, 5 to 2. Coltars and Heilt formed the battery for the Pilseners.

The Kaisers and Pilseners will play games on Labor day for $100 a side.

In the city league next Sunday the Pilseners play the Dutchunders, and the Kaisers play the North Waynes.

The Van Wert Bulletin says: "There are not as many people in town who think the Van Wert club can not play ball as there were two days ago. The game yesterday between the famous Pilseners, of Fort Wayne, and the Van Wert team, resulted in a score of 5 to 2 in favor of the visitors, a good score for any players. Mr. Levi K. Jacobs was umpire, and while his decisions in the main were fair he made one or two "frank ones against the home boys. This with some poor fielding on the part of Van Wert gave the visitors more than they rightfully deserved.

It is proposed to give Captain Scott a benefit game at League park next Saturday.

The scores of the league games played yesterday are as follows:

A HEBREW DIVORCE.

Unique Ceremony Which Severed the Union of a Jewish Couple.

In the office of the county jail Tuesday, at Jeffersonville, Ind., a Jewish divorce was granted. This is a very rare occurrence in this country. Abraham Cohen, in jail awaiting trial for horse stealing, was some months ago divorced from his wife, Mary Cohen, on her application in Louisville. As the proceedings of the law did not annul the marriage contract according to their doctrine and religion, it was necessary to perform the divorce according to the orthodox method. The proceedings which were performed by J. Finglestein, a Cincinnati rabbi, assisted by M. Isenberg, of Louisville, were novel and curious. Cohen and his wife walked into the office together. In his right hand the rabbi held a document written in Hebrew characters and a Hebrew Bible, from which he read alternate passages to the man, who repeated them after him. The document, which was supposed to be the divorce, was doubled up, and the rabbi turned upon the woman and, after going through a ceremony to which the wife listened weeping and with her hands raised before her, threw the paper into her hands, which she clasped upon it. The article was then handed to the rabbi, who took it and with a sharp knife severed it in twain, at the same time handing one piece to the woman and one to the man. This concluded the proceedings. The ceremony of divorce can only be performed by certain rabbis, of whom there are only six in the country.

A WESTERN lawyer who often addresses himself to individual members of the juries he confronts, once appeared for the plaintiff in a suit for damages brought against a street railroad company. He made a most eloquent appeal, but was unable to hold the attention of one of the jurors, who appeared to be an old sailor. At last he stopped directly in front of the sailor, and addressing him alone said: "Now, mate, I will tell you how the accident happened. The plaintiff was in command of an outward bound car, and stood in her starboard channels. An inward bound car came along, and just as their bows met she jumped the track, heeled, sheered to port, knocked my client overboard, and ran over him." The sailor listened attentively, and promptly joined in a verdict of five thousand dollars for the plaintiff.

FRUIT HOUSE PRICES FOR 1890.

This year opens favorable for the people, so far as the Sugar Market is concerned. Last season the great sugar trust had their grip on the market and made it ruinous to the purchaser—so much so that Sugars were advanced in 60 days at least 50 per cent. This is now over—the Sugar Trust is broken and Sugars have declined to a point lower than they ever were—the last reduction is 1 cent per lb.

We now offer Best Extra C., 5½c. Best Standard A., 6¼c.
Powdered and Crushed, 7c. Granulated and Cut Loaf, 7c.

COFFEE, COFFEE—Rio, Java, Mocha and Roasted Coffee.

There has been little change in the Coffee Market the last three months. It is too high yet. The clique has control of the market and keeps prices up. We still sell our best Rio at 22c. lb. This we are enabled to do in consequence of our large purchases and selling direct to our customers—in this way saving the profit of the jobber and wholesale merchant.

Best Rio Coffee, 22c. lb. Choice Old Govt. Java, 28c. lb.
Best Green Mocha, 30c. lb. Best Roasted Rio, 25c. lb.
Best Roasted Java, 33c. lb. Best Roasted Mocha, 35c. lb.
Sampson Brand in Packages, 26c. Jersey Coffee in Packages, 26c.
Durham Coffee in Packages, 26c. Levering's Coffee, 25c. lb.

TEAS, TEAS—Young Hyson, Oolong and Japan.

The high price of Coffee has induced a great many to try Tea—and when it is considered that a pound of Tea can be had for the price of a pound of Coffee and that it will go twice as far, it is not to be wondered at that there is a great increase in our Tea Trade. The truth is we sell double the quantity we used to a few years ago. Our motto is selling large quantities at a small profit, for we purchase direct of the Importers and then in selling direct to our customers we save three profits—the speculator, jobber and the wholesale dealer. We sell a good, rich drawing Tea at 20c. lb., and one grade as low as 10c. lb.

Young Hyson Tea, 20c., 30c.; best, 50c. lb.
Oolong Tea, 30c.; best, 50c. lb.
Imperial Tea, 20c; good, 30c; best, 50c lb.
Gunpowder Tea, good, 30c. best, 50c lb.
Japan Uncolored, good, 30c; best, 50c lb.

CANDIES REDUCED 2c. POUND.

This is owing to the decline on Sugar, which has necessarily affected Candy.

Pure Stick Candy, 10c lb. French Mixed Candy, 10c. Chocolate Drops, 15c lb.
Fancy Bon Bons, 15c and 20c lb. Cinnamon Imperials, 15c lb.

The members were badly lacerated and he will be absent from duty for several days. Amputation may not be necessary.

A comparison has been made between the railroad operations in the United States and Europe by taking the Prussian system as typical of one and the Pennsylvania system representative of the other. The former system embraces 16,800 miles and is owned by the state; the Pennsylvania system is 7,844 miles. The total earnings of the Prussian system in the year for which comparison is made were $180,000,000, in round numbers, and the Pennsylvania system $123,000,000, so that the Prussian system, worth more than double the mileage of the Pennsylvania, only earned 50 per cent. more money. The earnings of the Prussian lines were $10,600 a mile; of the Pennsylvania lines, $16,000. The Prussian lines carried over 191,500,000 passengers, more than double the number transported by the Pennsylvania lines, 78,000,000. The Pennsylvania, however, carried 122,000,000 tons of freight, against 99,000,000 tons carried by the Prussian lines.

MAUMEE PIONEERS.

Annual Meeting of the Monumental Association to be Held at Napoleon August 20.

(Toledo Bee.)

The annual meeting of the Maumee Valley Monumental association which will be held this year at Napoleon, will be of much interest to the citizens of Northwestern Ohio, particularly those who have been identified with the growth of this section. In speaking of it to a Bee reporter this morning Gen. John C. Lee said:

"The meeting will be held at Napoleon August 20, which date is the anniversary of the battle of Fallen Timbus, which was fought twelve miles up the Maumee from this city. The Indians were in command of Turkey Foot, and as is a matter of history, were badly whipped by Wayne. The meeting will be one of the most interesting in the history of the association. Gen. Hayes, the president, will be in attendance, and the orator of the day will be Judge Joseph Cox, of Cincinnati, one of the most famous historians in the state. He will arrive here the 17th instant, and the day following will visit the different forts and battle grounds in this vicinity. The evening of the 19th, Gen. Hayes, Judge Cox and the officers of the association will be tendered a grand reception by the citizens of Napoleon. The business meeting will be held at the court house the morning of the 20th. After the hearing of the secretary's report and the transaction of the regular business, the meeting will adjourn to the grove, where the exercises will be held. We have made strenuous efforts to get the bill through appropriating a sum for the erection of these monuments, and will, undoubtedly, be successful."

An elephant is a rather huge and unwieldly animal to go walking about in his sleep. A circus elephant on board a train going from Pittsburg to Johnstown the other night developed into a successful somnambulist. While in a deep slumber, and dreaming, perhaps, that he was in old Africa taking a walk through a favorite jungle, he made a couple of laps around his car, and then walked out of the side door. Sleep, deep even of the balmiest description, is likely to be interupted by such an incident, and the elephant had no sooner struck the ground than he was wide awake. Like Patti, in "Somnambula," he asked with a bewildered look, "Where am I," and then finding himself but little hurt, he began to patrol back and forth on the track, where a few hours later he was found by his keepers. The next time he travels at night he will probably take a sleeper and tip the porter to look out for him if he walks in his sleep.

A PASTEBOARD box, marked "Flowers," was received at Gainesville, Ga., addressed to a lady of that city. Upon opening the box she was horrified to find reclining on a bed of crushed roses a half-grown snake that lay quietly concealed and sluggish from its confinement. A member of the sterner sex' pacified the nervous female by again sealing up the package and returning it to the postoffice, where it remained until a report of the case could be heard from. The Attorney General in reply to a query from the inspector, said the offender could not be punished; that while the snake was an unmailable article there was no statute punishing the sender. It is thought that the woman's husband, from whom she has been separated, was the sender.

Railroad Wreck.

PLATTSBURG, N. Y., Aug. 6.—A terrible accident occurred on the Delaware and Hudson River railroad, about four miles south of Port Kent, yesterday morning, by one train crashing into the other. The engine of Connor's train was completely demolished and seven cars derailed and badly damaged. Engineer King received severe bruises, and fireman Whitehead was so badly hurt that he may die.

We Caution All Against Them.

The unprecedented success and merit of Ely's Cream Balm—a real cure for catarrh, hay fever and cold in the head—has induced many adventurers to place catarrh medicines bearing some resemblance in appearance, style or name upon the market, in order to trade upon the reputation of Ely's Cream Balm. Don't be deceived. Buy only Ely's Cream Balm. Many in your immediate locality will testify in highest commendation of it. A particle is applied into each nostril; no pain; agreeable to use. Price 50 cents.

THE MUTUAL LIFE INSURANCE COMPANY,
OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

No. 798. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five DOLLARS.

$578,345.00/100 DEC 29 1889.

CERTIFIED. Payable through New York Clearing House, N. Y. A.

E. C. POTTER & CO.

—E. C. POTTER & CO.—

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Thos. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Consul General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second that they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life-insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life-insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in miscellaneous pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that isn't an evidence of confidence, what could be!

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

Races for the Fair.

The following is the program of the races to be held during the coming fair: September 17—3:00 trot, $200; 2:29 trot, $200; one-half mile run (3 in 5), $150. September 18—2:32 trot, $200; free-for-all pace, $250; one mile run (3 in 5), $200; three-year-old trot or pace, $150; September 19—Free for all trot, $250; 2:40 pace, $200; seven-eighths mile run (2 in 3), $200.

These liberal purses will attract many of the best fast horses to Fort Wayne during the fair.

The telephone has been taken out of the county clerk's office. It proved too useful to people within two squares of the court house and too inconvenient to the clerk and his deputies, who were requested to tell Smith that Jones wanted to talk.

THE HIDDEN HAND.

Excursion to Boston Via the Wabash.

On account of national G. A. R. encampment at Boston, August 11 to 16, 1890, the Wabash line will sell round trip excursion tickets, giving choice of five different routes, at rates the lowest ever offered. Our patrons will not be subjected to the crowded excursion trains, ample accommodation provided for all in regular through fast trains, making many hours the quickest time. Remember the Wabash runs three through trains daily, and is the old reliable route to New England points. Tickets on sale August 8th, 9th and 10th, and good returning until September 30th, 1890.

For rates, routes, sleeping car accommodations, etc., apply to

R. G. THOMPSON,
20-tf Passenger and Ticket Agent.
